# What Began As A Simple Favor Is Now Our Unique Offer.

## Club Car® Custom Solutions<sup>SM</sup> offers a world of design possibilities.

Some we're showcasing here, while others exist only in the minds of future customers. What began as a few, unique requests from loyal customers has become a popular, value-added service. Better yet, customization appeals to customers of every model we manufacture.

Customized Club Car vehicles can be found delivering mail in Sweden, ice cream treats at a campground in South Carolina and weapons and ammunition at various FBI training sites. Rest assured, if you've got a special request, we'll find a way to make it happen.

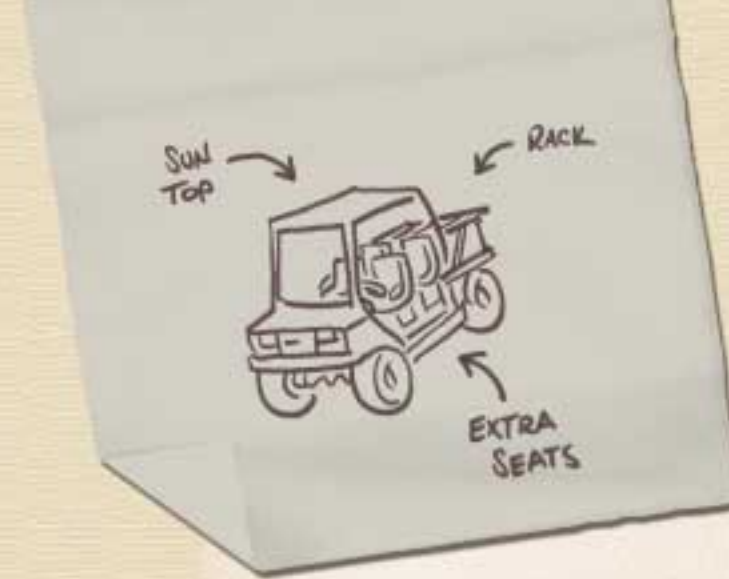

Custom Solutions is unique in that we not only modify the full line of Club Car vehicles; we also manufacture each one with the same quality standards and safety-mindedness that go into every Club Car product. Plus, Custom Solutions products are backed by the full Club Car warranty. And that's something you won't find with non-Custom Solutions retrofits.

Swedish mail delivery vehicle.

Mobile marketing vehicle.

1. The idea.

2. The design.

3. The result.

On the following pages, you'll find examples of Custom Solutions-modified models – all reproducible for sale. If you don't see something that'll work for you, perhaps the images will help stimulate an idea of something that will. If you have any questions, contact us.

# Great Ideas For The Great Outdoors.

Add comfort and convenience to your Carryall 272/Pioneer 1200 with a fold-down rear seat (SVP179301).

Custom Solutions offers standard and custom enclosures in a variety of styles and colors. This Carryall 2 is outfitted with our SVP168003 enclosure.

Take your electric vehicle off-road with a lift kit and heavy-duty powertrain.

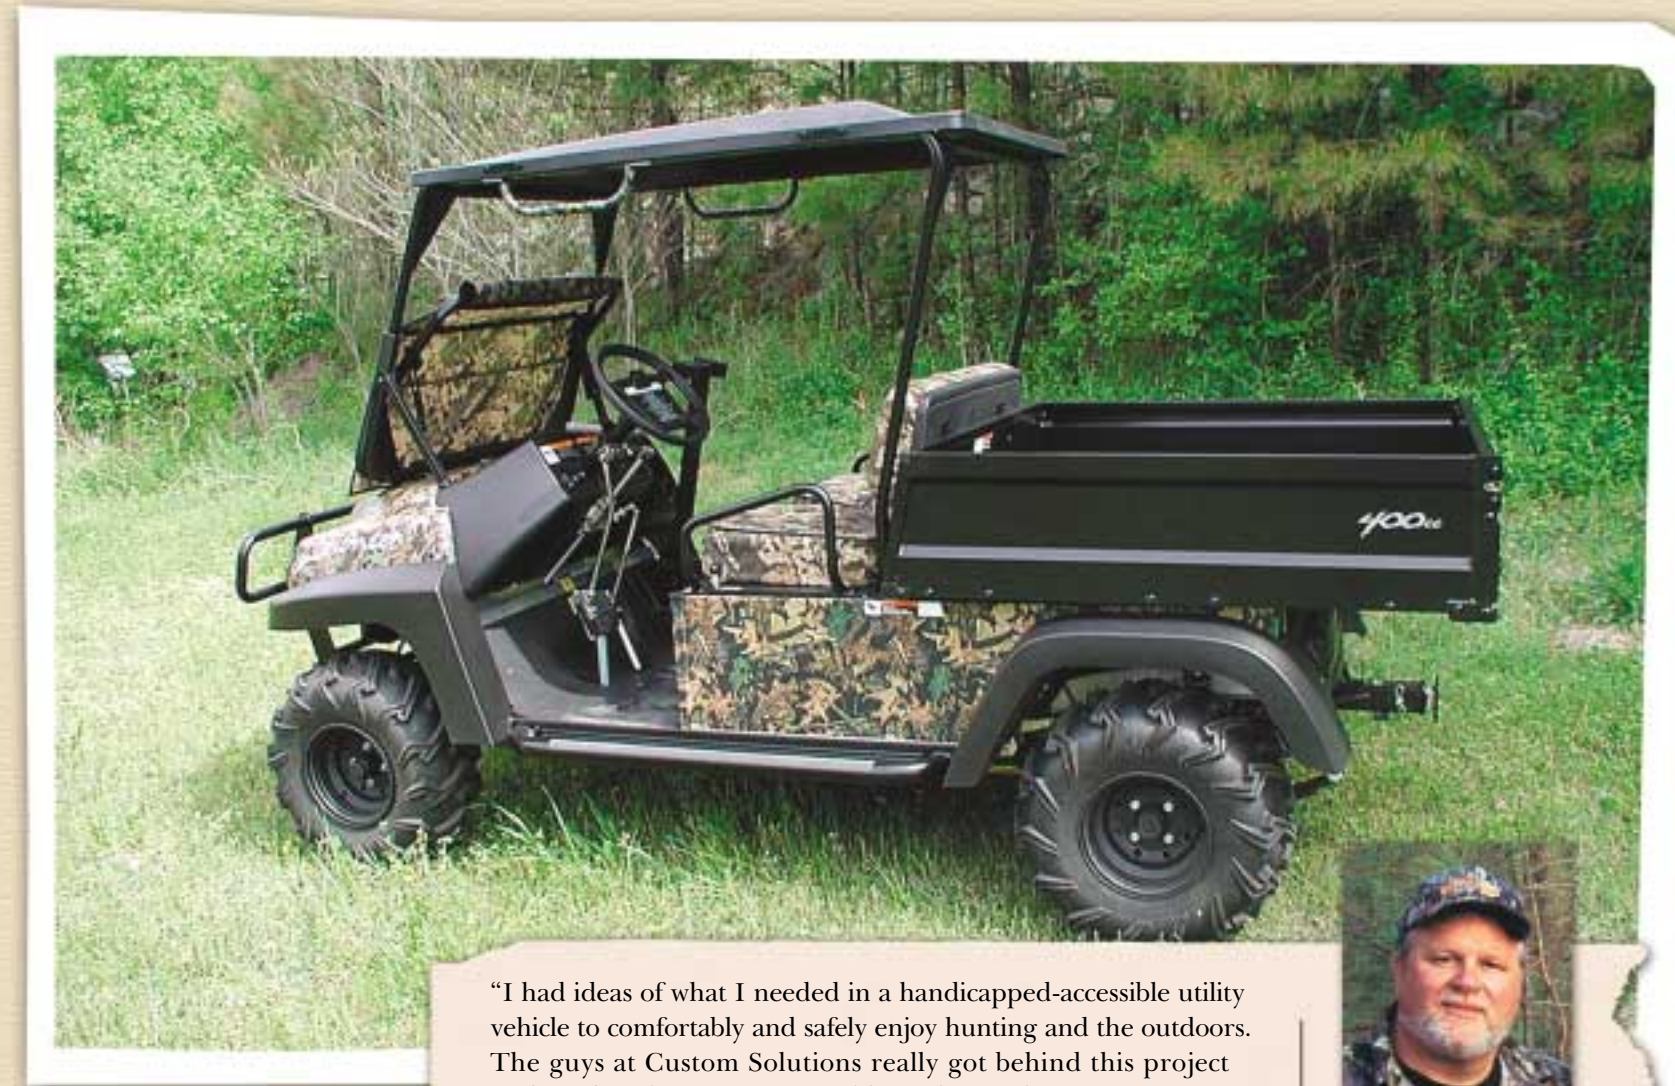

Expand your Carryall 472/Pioneer 1200SE's passenger space with fold-down rear seat SVP201301 (SVP201401 extended canopy field kit only).

Stake side kits let you haul trash and trimmings with ease. (Carryall 6 pictured with hinged modifications.)

Increase your Carryall 472/Pioneer 1200SE's capacity with a longer cargo box. (Specify finish: aluminum, SVP198601, or black powder-coat, SVP198701.)

"I had ideas of what I needed in a handicapped-accessible utility vehicle to comfortably and safely enjoy hunting and the outdoors. The guys at Custom Solutions really got behind this project and made it happen. You couldn't ask for a better group of people to work with. We didn't just build a vehicle; we built a friendship.

"I work with disabled people all over the country, and in many cases, they don't have access to the outdoors. A vehicle like my custom Club Car could be a way for them to get out and really enjoy life."

**Kirk Thomas,** hunter, outdoorsman and National Coordinator of the National Wild Turkey Federation's Wheelin' Sportsmen program.

Wherever outdoor adventure takes you, Custom Solutions<sup>SM</sup> can outfit your vehicle accordingly. Choose from these models, or let us design something unique to accommodate your specific outdoor activities. So, let your imagination go; your adventure is just beginning.

Shuttle passengers and cargo with a Villager 6 featuring a fold-down rear seat (shown with white frame SVP102804; please specify color).

# Perfect Accommodations For Hotels, Resorts And Other Centers Of Attention.

Insulated/noninsulated custom food service boxes can be built to your tray and storage specifications.

Our standard van boxes can be customized for any application, including housekeeping and hospitality.

Dress up your passenger shuttle with a custom canopy. (Resort Villager 6 shown with SVP123201 soft-canopy field kit.)

When entertaining guests is your livelihood, every little extra you can offer is in your best interest. From keeping food warm to providing overhead shade, Custom Solutions<sup>SM</sup> serves up the full array of custom options and designs. No request is beyond consideration. So if you have something specific or extraordinary in mind, just let us know.

For parades and weddings, add a special events kit to your XL vehicle (SVP123101 available in a variety of trim colors).

**Tony Boswell,**  
Food Service Manager,  
Ocean Lakes Family Campground.

"We have about 3,500 homes, campsites, trailers and mobile homes spread across 310 acres. I came to Club Car Custom Solutions with an idea for a refrigerated vehicle that could easily move around the property selling frozen treats.

"In just several weeks, this vehicle was able to generate almost \$25,000 in sales and increase the profitability of our snack bar operations. We saw a significant return on our initial investment, so it will easily pay for itself. Any campground, park or similar operation could use one of these vehicles. Simply put, it's one of my pride and joys, and Custom Solutions made it happen."

For extra space, try the Transporter XL model with gas (101927401) or electric (101920801) chassis. (Shown with stake side kit 1015660.)

Increase the efficiency of your Carryall 6 XL with a longer bed (SVP107701) and drop-down rails.

Optional seat embroidery or custom seat covers add a personalized touch.

# Doing Our Homework For Colleges And Universities.

First, we start with a Club Car vehicle of your choice. Then, we build on it, taking into account all the variables that come into play. This is a formula that has delivered many unique and useful designs, all of which make life on campus that much more productive. Whether you're transporting students or hauling maintenance and laundry supplies, every Custom Solutions<sup>SM</sup> model passes with flying colors.

Transport and protect valuable equipment in a locking van box, available in standard gray, white or beige. Custom colors also available.

With an optional van box (SVP118209) and ladder rack (SVP133501), the Carryall 6 makes an excellent all-purpose work vehicle.

Build a better security vehicle with lights, decals and a heater.

For greater versatility, add dual toolboxes (SVP122903) and a ladder rack (SVP133504) to your Carryall 6.

Custom Solutions offers custom stake side kits and toolboxes.

# First Aid, First Class.

Club Car Custom Solutions<sup>SM</sup> special ambulance packages help address the needs of different venues. We'll modify any Club Car vehicle for use at sporting events, concerts, campgrounds, fairs, or any location where it's necessary to quickly and easily gain access to someone in need.

Transform your Carryall 6 into an ambulance with stretcher using SVP103202 (without stretcher use SVP103201; SVP109501 canopy is optional).

Come to the rescue in a Carryall 1 ambulance with stretcher (SVP160801; without stretcher, use SVP160802). Canopy is optional (SVP102601).

Don't let rough terrain slow you down. Try our Carryall 272/Pioneer 1200 off-road ambulance package with SVP182801 conversion kit (without stretcher, use SVP182802).

Turn your standard Carryall 472/Pioneer 1200SE into an off-road ambulance with the SVP201101 conversion kit (without stretcher use SVP201102).

## Custom Accessories Make It Better.

All part numbers shown are for factory installation, unless otherwise noted. Please call Custom Solutions for availability of field-installed kits.

Protect your vehicle's front body and headlights with a brushguard (SVP143901).

Shown on our Pioneer 1200, a chrome brushguard (SVP210401) can be functional as well as stylish.

Add a cowl protector to your vehicle's front bumper (SVP117801).

For added protection, choose our heavy-duty cowl protector (SVP210801).

This Carryall 6 has a middle seat that flips forward for extra cargo space (SVP112501).

This Carryall 2 sports a custom cargo box.

Custom Solutions™ can modify cargo boxes to meet your special shipping and storage requirements.

An optional canopy (SVP115801) and van box enhance the comfort and utility of the Carryall 2.

This extended cab canopy (SVP210501) provides protection for rear passengers or cargo (field-installed).

Provide access for a forklift or simply add comfort with a fold-down cargo box (Carryall 6 shown with SVP210701).

The Transporter XL Limo accommodates a variety of seating modifications.

Add shade and comfort to your Carryall 2 with a custom canopy. (Portable Refreshment Center shown with SVP199101 soft-canopy field kit.)

Optimize your storage space and seating options with a fold-down rear seat, available for all Club Car golf and utility vehicles. (Carryall 1 shown with SVP102901 kit.)

Add portable power to your Club Car with an Ingersoll-Rand generator or air compressor. Vehicle shown with optional strobe light (SVP133802), safety triangle (SVP129001) and rear reflectors (SVP129701).

Upgrade your Carryall tailgate with a slam latch kit (SVP203402).

An external fuel fill installation makes refueling quick and easy. (Carryall 2, SVP180201, or Carryall 6, SVP208701.)

Our SVP204401 Electric Bed lift adds ease and versatility to your Carryall 472/Pioneer 1200SE (500lb. capacity).

Keep your cool on the golf course with optional twin fans (SVP124101).

Van boxes can be powder-coated to match the color of your Club Car vehicle.

Add a tool box under the bed of your Carryall 6 using SVP211001.

This Carryall 2 Plus features a full-size locking storage box (SVP100201).

Golf bag racks turn your Carryall/Turf 1 into a motorized caddy, without taking up valuable cargo space (shown with field kit SVP210601).

Custom Solutions<sup>SM</sup> carries field heater kits for the Pioneer 1200 (SVP184501) and Turf 272 (SVP169601). Carryall 6 heaters are factory-installed (SVP177101).

# If You Can Imagine It, We Can Build It.

What ideas do you have in mind? What combination of accessories would make a Club Car vehicle more valuable to you? If you can't find what you're looking for on these pages, just give us a call. We'll work to turn your dream vehicle into a reality. We review all of our custom modifications to ensure that each one is safe, reliable and dependable. As a result, certain combinations of accessories may be restricted. For additional vehicle and accessory options, simply log onto [www.clubcar.com/customsolutions](http://www.clubcar.com/customsolutions).
